

RAVEN

WHO ARE WE?

Raven is a one-stop solution for businesses looking to schedule deliveries within the United Arab Emirates. Our app connects businesses with a network of reliable delivery companies, making it easy for them to send and receive packages quickly and efficiently

OUR PHILOSOPHY

At Raven, we believe in delivering more than just packages, we believe in delivering love. Our philosophy is built on the belief that reliability, efficiency, and convenience are key to delivering the love that comes with every package sent

Our Vision

Revolutionize the delivery market in the UAE and continuously innovate and improve our technology and services to meet the evolving needs of our customers

Our Mission

Become the leading delivery management solution in the UAE, known for its reliability, convenience, and exceptional customer service

WHAT DO WE OFFER?

a user-friendly interface for customers to easily schedule deliveries with real-time tracking of deliveries

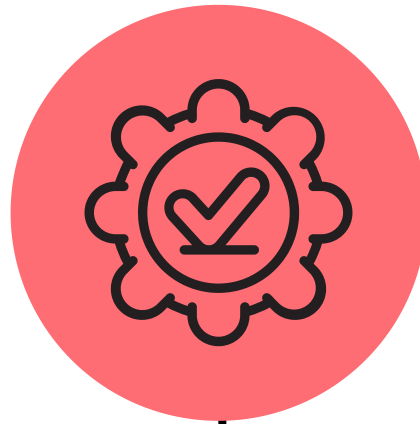

An integrated dashboard for delivery companies to manage their orders, fleet, and drivers efficiently

WHY CHOOSE RAVEN?

CONVENIENCE

RELIABILITY

VARIETY OF CHOICES

STREAMLINED PROCESS

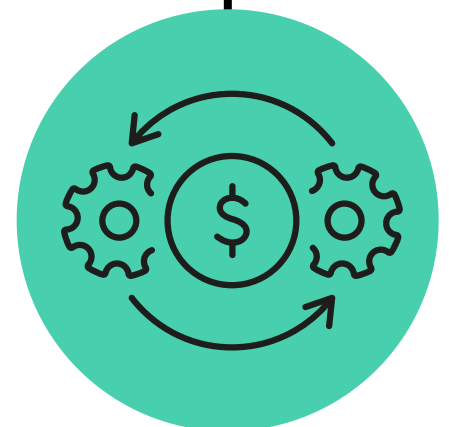

USER-FRIENDLY

SECURITY

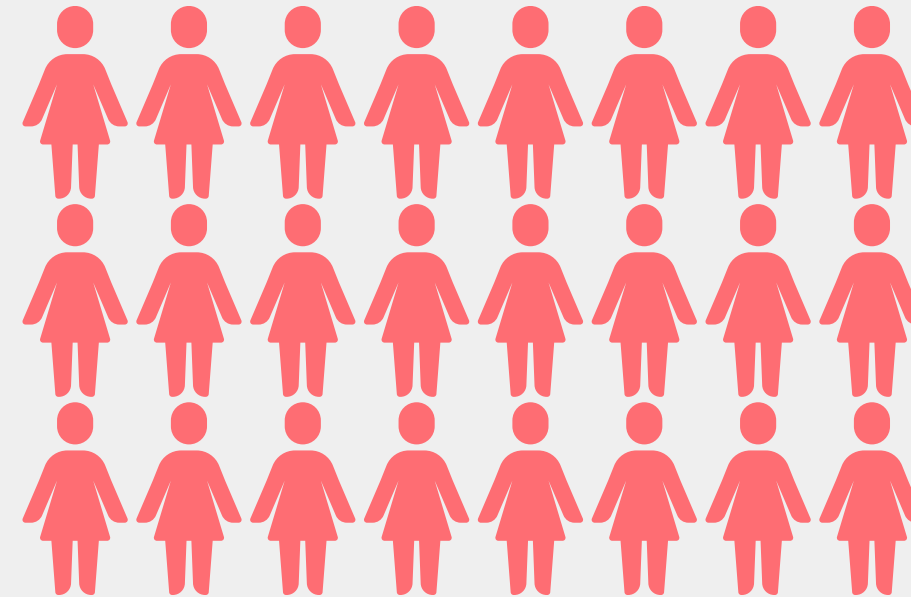

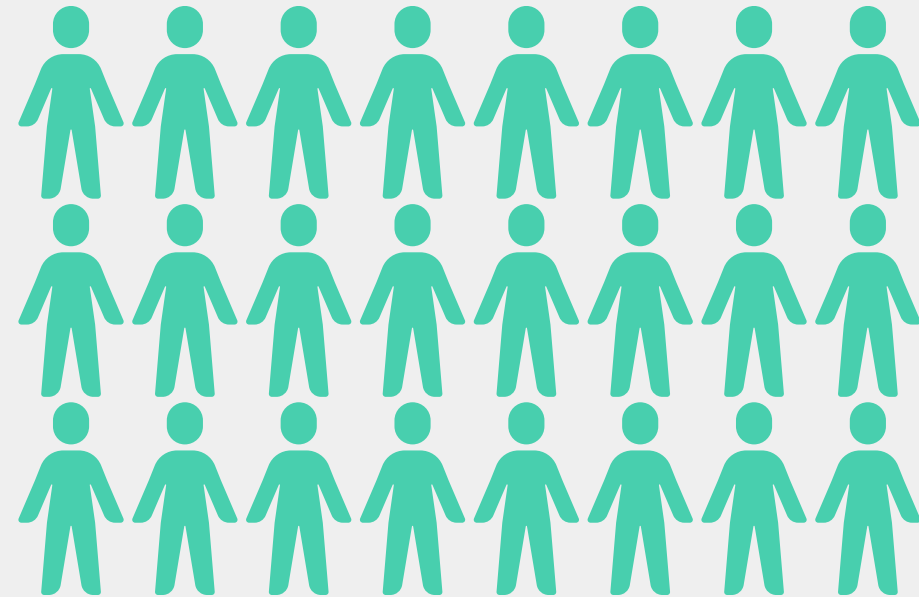

COST-EFFECTIVE

TARGET AUDIENCE

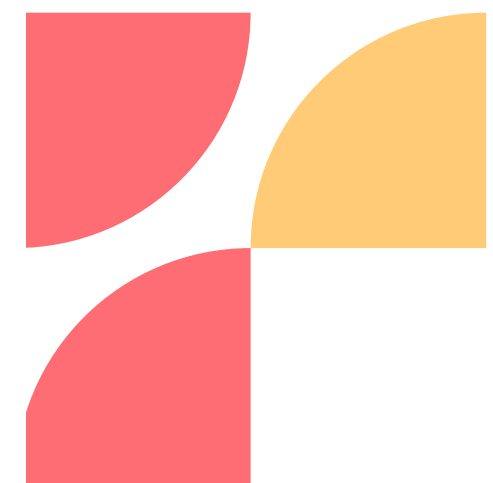

Our app is specifically designed for home business owners who need to schedule deliveries for their products or services. However, it can also be used by anyone who has a need for scheduling a delivery, whether it be for personal or business use. The platform offers a user-friendly interface and convenient options for all users

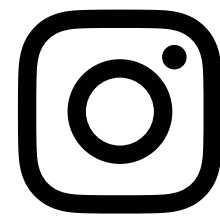

FUTURE PLANS

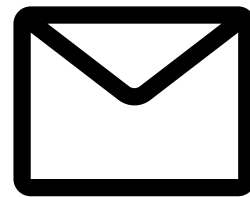

- Expand the platform to the GCC.
- a subscription program that allows scheduling recurring deliveries and offering special deals for subscribed customers.
- Adding an AI-based optimization feature to the integrated dashboard to help delivery companies to optimize the routes and allocation of the fleet
- introduce a rewards program that will allow our users to earn points for every delivery they schedule through our app. These points can then be redeemed for discounts on future deliveries or other rewards.

The background features several abstract geometric patterns in the corners. The top-left corner has a series of parallel diagonal lines. The top-right corner contains a grid of squares, each divided into four quadrants by a cross, with colors including yellow, red, and grey. The bottom-left corner shows a cluster of semi-circles in yellow, grey, and red. The bottom-right corner features a large, faint circular outline and some diagonal lines.

THANK YOU
